Sponsorship

The Wisconsin Academy seeks your support for our signature, bi-annual event celebrating the creativity and achievements of 16 outstanding Wisconsinites whose careers have demonstrated the value of the sciences, arts, and letters to improve life in our state. The Fellows Induction Ceremony and Gala will bring together some of Wisconsin's brightest minds to help move our state forward.

We invite you to join a select group of sponsors to be featured at this elegant and widely anticipated event. Join other leading companies and thought leaders from across Wisconsin who will come together to mingle, eat, drink and watch the premier of a professionally produced video honoring the new Fellows.
