

# Local Government Summit Wisconsin Academy of Sciences, Arts & Letters

October 27, 2021

## **ELEVATE**

Equity through climate action

## Who We Are

---

Founded in 2000, we are a nonprofit organization that seeks to create a world in which everyone has clean and affordable heat, power, and water in their homes and communities — no matter who they are or where they live.

We design and implement programs that make the benefits and services of the clean energy economy accessible to everyone to fight climate change while supporting equity.

**ELEVATE**

Equity through  
climate action

# We make connections

City Hall

Municipal energy baseline

Climate Change planning

Efficiency program design and implementation

Market characterization and research

Community engagement

Portfolio planning

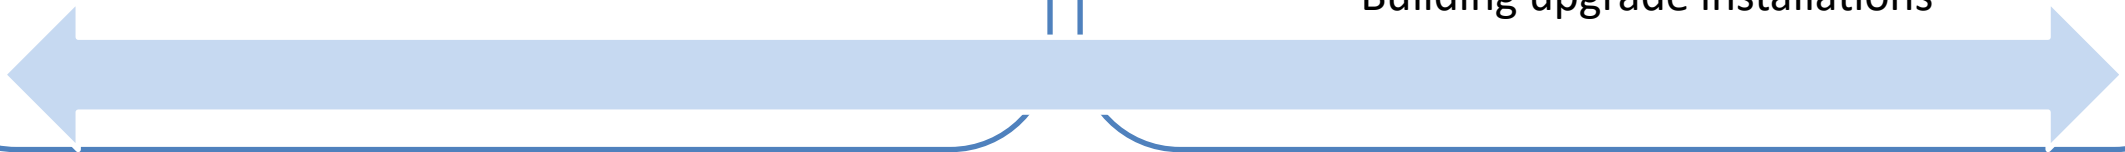

Energy, water, resiliency, and healthy homes property assessments & certifications

Energy modeling
